

Sunny DiMartino has been selected as our May 2004 Employee of the Month. Sunny works in our Parks, Recreation, and Cemeteries Department and has been employed since October 8, 1998.

Her nominator notes, “Sunny has been instrumental in re-vamping the Township magazine, and we have not been disappointed. Her enthusiasm and knowledge of software programs made the transition that much easier. Sunny is always willing to assist with other projects as requested. In addition, Sunny was asked to compose a database whereby the Township could track comments and complaints received from residents, and she is currently working on that program as well. In between all this, Sunny serves as secretary to the Parks, Recreation and Cemeteries Department.”

It is with great pleasure that we present Sunny DiMartino with our May 2004 Employee of the Month award.

CONGRATULATIONS, Sunny!
